

SMC Premium/Discount Confluence Engine — v17.25 Completion Report

Update Type: Visual-Only (ZERO logic/filter/alert changes)

Summary

v17.25 increases the visibility of Asian Session and Daily High/Low level markers to make them clearly visible (“pop”) against all chart backgrounds, especially dark themes.

Backup Created

-  `smc_premium_discount_indicator_v17.23_backup.pine` — exact copy of v17.23 before changes
-

Changes Made

1. Daily High/Low Lines (Lines 895-899)

Property	Before (v17.23)	After (v17.25)
Input default color	<code>color.new(color.blue, 30)</code>	<code>color.new(color.blue, 0)</code>
Line width	1	2
Line style	<code>line.style_dashed</code>	<code>line.style_dashed</code> (pre-served)
Label bg color	<code>color.new(color.blue, 80)</code>	<code>color.new(color.blue, 0)</code>
Label text color	<code>color.white</code>	<code>color.new(color.white, 0)</code>
Label size	<code>size.tiny</code>	<code>size.small</code>

2. Asian Session High/Low Lines (Lines 914-918)

Property	Before (v17.23)	After (v17.25)
Input default color	<code>color.new(color.orange, 30)</code>	<code>color.new(color.orange, 0)</code>
Line width	1	2
Line style	<code>line.style_dotted</code>	<code>line.style_dotted</code> (pre-served)
Label bg color	<code>color.new(color.orange, 80)</code>	<code>color.new(color.orange, 0)</code>
Label text color	<code>color.white</code>	<code>color.new(color.white, 0)</code>
Label size	<code>size.tiny</code>	<code>size.small</code>

Expected visual changes:

- **Daily H/L:** Bright blue dashed lines (width 2) with solid blue label backgrounds and white text
- **Asian H/L:** Bright orange dotted lines (width 2) with solid orange label backgrounds and white text
- Both should be clearly visible and “pop” against any chart background
